-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

1. ☒ The amendment filed on 08 September 2009 under 37 CFR 1.312 has been considered, and has been:

- a) ☐ entered.
- b) ☐ entered as directed to matters of form not affecting the scope of the invention.
- c) ☐ disapproved because the amendment was filed after the payment of the issue fee.

Any amendment filed after the date the issue fee is paid must be accompanied by a petition under 37 CFR 1.313(c)(1) and the required fee to withdraw the application from issue.

- d) ☒ disapproved. See explanation below.
- e) ☐ entered in part. See explanation below.

The proposed amendment under 37 CFR 1.312 filed on 9/8/09 (after allowance and one day before the issue fee payment on 9/9/09) includes newly added claims 24-35, which are now proposed for the first time. But, at least the newly proposed independent claim 27 includes an additional alternative for the distance between the mask and the substrate, which broadens the claim scope (as compared to that of previously allowed independent claim 1) and would require further consideration. In addition, Applicant fails to provide any sufficient reason for proposing these additional new claims after the close of an extensive prosecution history. See MPEP 714.16. Therefore, this proposed amendment is NOT entered.
